**FOR IMMEDIATE RELEASE** March 5, 2013

## **New Blue Monster<sup>®</sup> Thread Sealing Compounds in Convenient 2oz. Squeeze Tubes**

Mentor, OH – Contractors will appreciate the sealing qualities of Blue Monster<sup>®</sup> industrial-grade thread sealing compounds now available in convenient, 2 ounce squeeze tubes that are ideal for any tool box or storage bin. Two formulas are available with and without PTFE to seal threads on all metals, PVC, CPVC, ABS and nylon plastic pipe systems.

Blue Monster<sup>®</sup> industrial grade thread sealant is specially formulated with superb "sticking" characteristics. The Blue Monster<sup>®</sup> compound with PTFE is specially

formulated for extra lubrication on pipe threads. Both formulas feature a slow drying, soft-setting and non-hardening compound designed to improve sealing of threaded pipe systems, especially when poor quality threads are an issue. Both formulas are lead-free, non-toxic and will not harden or separate in the tube.

Blue Monster<sup>®</sup> industrial grade thread sealants are available at leading plumbing wholesalers from Clean-Fit Products, a division of The Mill-Rose Company, the world's leading supplier of PTFE thread sealants and largest manufacturer of twisted-in-wire brushes in the U.S.A. For further information contact Clean-Fit Products, 7310 Corporate Blvd., Mentor, Ohio 44060. Telephone 1-800-321-3598, fax 1-440-255-1072, e-mail [info@cleanfit.com](mailto:info@cleanfit.com) or visit the company's web site at [www.cleanfit.com](http://www.cleanfit.com).
